

## Gravel Road Committee

Minutes for 3/26/24

### Town Offices

Attendees: John Zannotti, Harvey Clough, John (Jack) Kondos, Brad Roscoe, Bart Bevis, plus Fran Shippee

11:50 a.m. – Call to Order

Review/Approve minutes of 10/17/23 meeting- Harvey moved, 2<sup>nd</sup> Brad, approved.

Bart asked If this group needs to continue.

Discussion ensued. Brad & Harvey checked out Zinn & Atherton Hill when had some mud, both looked good. Bart emphasized drainage is key to all roads. Warmer weather w/ stronger storms is making this even more critical. May need larger culverts.

Action- Look for culvert list to consider which might need upgrades.

We need a map for the record of road improvements, Bart started it ~15 years ago, Chris and BA may have added to it.

Action- Suggested gather data start w/ Bart's old files. Fran will help start this for gravel roads.

Gulf Rd has potential problem but as a 'scenic road' there are limitations, planning board and other reviews.

Action- Need guidance from SB re whether this committee needs to continue, if so, what should we do?

Next Meeting: TBD based on SB feedback.

12:20 Motion to adjourn by Brad, 2<sup>nd</sup> Jack, approved.
