OFFICE OF EMERGENCY MANAGEMENT ANIMAL PROTECTION SURVEY REQUESTED

Are Your Animals Part of Your Emergency Plan?

What would you do if we had an ice storm, power outage, forest fire or another event where you needed to evacuate to another place on a moment's notice.

Whether your family includes household pets or even livestock, your animals rely on you. Your Office of Emergency Management (OEM) team can help you to work out the details, make a plan, and connect you with other resources.

Let's make our plans NOW, not at the last minute!

In Chesterfield, we have already deployed Emergency Operations Centers (EOC) where residents have come in for power, food and some comfort, but pets were not allowed. So, for how long would the pets be okay if left alone? In helping to protect your pets, we are also protecting YOU.

We need to know your needs to include in our general planning!

For our planning here in Chesterfield, it is important for the OEM team to know who in town has pets or even larger animals, as well as what type and roughly how many. This is critical information for our overall planning so we can be prepared to accommodate those who participate in this survey.

Please reach out to us so we can send a Survey to you!

Please contact Ralph Petti, Director – OEM and he will send a survey to you. Contact him at ralphpetti1@gmail.com or call during business hours at 908.310.6381. Thanks for taking this step to help Chesterfield residents!

HIGHWAY DEPARTMENT NEWS

Fall and leaf season is here! When you are tending to the fallen leaves on your property, please avoid blowing or raking your leaves into the ditches and culverts alongside the road. Leaves and other debris prevent the flow of water in these areas. Please also remember that maintenance of driveway culverts are the responsibility of the property owner.

Gravel road repairs will be starting on Old Chesterfield Road during October.

CEMETERY COMMISSION NEWS

The Chesterfield Cemetery Commission would like to remind visitors to the cemeteries that starting October 1st the gates will open at 9 A.M. and close at 6 P.M. The gates close for the winter on November 1st.

As families are responsible for the care of their loved ones' gravesites, we request that all annual plantings are removed by November 1st. Any plantings that are done on your family's lot must be kept within your corner markers. We would also like to make you aware that any further planting of bushes and trees

is not permitted in the cemeteries. As time goes on we find that families are not taking care of permanent plants. The plantings are covering the monuments creating the environment where mold, algae, mildew and lichens grow. The cemetery crew is not responsible for the maintenance on the bushes. We thank you for your cooperation

OEM/Office of Emergency Management: October 2024 Report

As always, our thanks to our Selectmen, Town Admin & volunteer members of the OEM team for their support. Here is a sampling of OEM activities underway in Chesterfield:

1. Animal Safety for Evacuation with Families – When disaster strikes (fires, floods, power outages, etc.) residents will want to relocate with their pets and other animals. Over the past few months, Cheryl, Karen, John & Ralph have acquired the following items to care for pets – Cat & Dog Food, Cages, Leases, Bowls, etc. It is important for residents to relocate during a disaster with their pets!!
2. Route 9 Accidents – Please make sure you drive safely on Rt. 9 and other roads in our community. We had several accidents and the police are to be thanked for their efforts. Please tell your out-of-town visitors of the need to do so. Thanks!
3. Grants - We are assessing whether our OEM priorities might be eligible. We may hear about available Grants from other communities – soon to be underway.
4. Emergency Supplies – to be added to our 500 MREs, cots, blankets, water, PPE.
5. Mailing lists – We need to find ways to educate residents about OEM support.
6. Special assistance – analyzing needs for residents to relocate during disasters.
7. Mutual Aid - Check in w/Spofford and West Chesterfield Firehouses for support.
8. Training – Ralph & John are registered for more ICS/Incident Command Center training as sponsored by the Massachusetts Emergency Mgmt Agency (MEMA).
9. EOC updates – Our Emergency Operations Center in the new Town Hall is ready to go, and now we have added one in the old Town Hall. In doing so, we have hooked up the power to take on our generator, for which we are buying a trailer.
10. Maine/Vermont partnering – Ralph met with the Maine Emergency Mgmt Agency for new ideas. We also received names of their key contacts in NH for our information. We are also working with Vermont on the animal training tasks.
