

ZOOM MEETING PROCEDURES EFFECTIVE NOVEMBER 20, 2025

The Town of Chesterfield is no longer able to post [Zoom](#) meeting codes to access Board and Committee meetings. There have been several [Zoom](#) Bombing occurrences during multiple board and committee meetings recently. If you are unfamiliar with [Zoom](#) Bombing, it is when uninvited individuals crash video conferences by overtaking screen access and displaying offensive and inappropriate content. The primary cause is often the public sharing of meeting links with passwords.

Moving forward the [Zoom](#) link to each meeting and meeting password will not be published on our website. If you would like to access a meeting, you will need to email the appropriate Board or Commission secretary (listed below) to request the Zoom link/password by 3:00pm on the day of the meeting.

The email request must include your first and last name along with the email address you will use to log into the [Zoom](#) meeting. Once this information has been received by the appropriate secretary, they will provide you with the [Zoom](#) link and password for the meeting requested.

Planning/Zoning Meetings	planningandzoning@nhchesterfield.com
Economic Development/CRG Meetings	edc@nhchesterfield.com
Board of Selectmen's Meetings	townadmin@nhchesterfield.com
Conservation Commission Meetings	amy.lafontaine@nhchesterfield.com

The safety of all those that come in-person, or sign-in, to our meetings is our priority. We hope these new protocols will ensure that no one is exposed to inappropriate content or unable to [Zoom](#) into a meeting because of a [Zoom](#) Bombing occurrence.

If you have any questions, please reach out to me via email at townadmin@nhchesterfield.com or by phone at (603) 363-4624 ext 13.

Thank you,

Alissa Thompson, MPA

Town Administrator
