Chesterfield Planning Board
Town of Chesterfield
490 Route 63
P.O. Box 175
Chesterfield, NH 03443

Dear Members of the Board:

I, Mary Johnson, owner of Mary's Kitchen LLC, doing so on the behalf of CRR Leasing Inc. am respectfully requesting a waiver for the last approved site plan for 783 Route 9, West Chesterfield, NH 03443, that was requested as part of my vendor application. We are requesting this waiver as we were unable to locate any previously approved site plan for this location in the town records, even with the assistance of Tricia Lachenal.

We were able to locate a hand drawn map from 1962, at which time the property was owned by Charlotte E. Carmel. This map outlined the placement of buildings/businesses located on the property, please see the attached map from the Town Clerks records. In 1993 the property was rezoned from agricultural to commercial. Then in 2000, 5 buildings were demolished by property owners Mr. and Mrs. George West. Currently the property is owned and used as a commercial site by CRR Leasing Inc.

Attached please see the updated site plan that was done but wasn't handed in for the board's approval I request that this site plan be accepted in place of your request for a previously approved site plan."

Mary Johnson

Owner of Mary's Kitchen
