

**CHESTERFIELD  
FIRE COMMISSIONERS  
WORK SESSION  
MARCH 28, 2021**

Present: Robert Goderre, Chairman; George Wright and Crystal Winn; Gary Winn, Selectboard Chairman; Kelly Hanzalik, Selectboard and Fran Shippee, Selectboard.

The Fire Department has been without water for a couple of weeks. Gary stated that the Fire Department lease requires the Fire Department be in responsible for utilities. Pinney will be in to check the valve at the Pressure Tank. The repair could eliminate 200 feet of pipe. As soon as the water is turned on in the basement at the New Town Office building the Pressure drops.

The Commissioners are responsible for choosing the options. The Selectboard can provide a backhoe and operator at \$43.60/hour. It is possible that blacktop will need to be repaired it could cost up to a couple thousand dollars.

If the Old Town Office is leased the tenant would be limited to a certain amount of water per day.

Gary will check the water pipes in the basement at the old Town Office building.

The Commissioners will meet on Tuesday, March 30<sup>th</sup> at 7 PM so the meeting can be properly noticed.

Rick stated that he believed the Septic Tank needed to be pumped. It requires digging and permission from the Selectboard.

The meeting adjourned at 9:50 AM

Respectfully Submitted,

Amy LaFontaine  
District Clerk
